2. The *Calici Caratteriali* in crystal glass designed by **Gumdesign** and produced by **ColleVilca** interpret personalities through different, highly imaginative shapes. Here, *L'altruista*, which seems to offer a taste with its spout, and *L'ambiguo*, which twists around, uncertain of its shape. 3. Red wine decanter from the *Supremo* collection by **Luigi Bormioli**. The glass features a special anti-drip coating. 4. Stainless steel ice tongs with zebu horn handle. **Lorenzi Milano**. 5. With its faceted surface, the *Filippo* ice bucket produced by **Mario Luca Giusti** in synthetic crystal seems to have been sculpted in ice. 6. Wine glasses with *Liscia* and *Torsé* finish from the *Ve\_nier* collection by **Mug bY VG**, which expresses the values of the great Italian glassmaking tradition in pieces with a contemporary style. 7. Large champagne bucket for six bottles in the *Royal* collection by **Greggio**. Silvered brass.
